Morrisville Nurseries

SAMUEL C. MOON

Morrisville, Bucks County, Penna.

THE MORRISVILLE NURSERIES are in Bucks county, Pennsylvania, about one mile from Morrisville, a station on the New York Division of the P. R. R., thirty miles from Philadelphia, sixty miles from New York, and two miles from Trenton, New Jersey. Trolley cars from Trenton to Morrisville every half hour. The nursery is on Fallsington road, one mile from Morrisville P. O. Carriages can always be obtained from the stations in Trenton and Morrisville. To drive to the nursery from Trenton, cross the Delaware river over the Bridge-street bridge, and continue out Bridge street one and a half miles westward toward Fallsington.

THROUGH FREIGHT RATES from Trenton to all principal cities north, south, east and west, via Pennsylvania, Reading, or Lehigh Valley Railroads. Also, water transportation to Philadelphia and New York. All goods will be delivered to the railroad or steamboat in good condition, after which they are entirely at the risk of the purchaser. Should any loss or delay occur to goods in transit, the forwarding company alone must be held accountable and responsible. Packing is done in first-class manner, and charged for at cost of material used.

ALL CLAIMS for errors or deductions must be made immediately upon receipt of goods.

TERMS CASH, unless by special agreement. I can ship by express, C. O. D., when desired, with charges for collection added to bill.

Address all orders and communications to

SAMUEL C. MOON

Morrisville, Bucks County, Penna.

Telegraph Address

Care of Bell Telephone, 8-112, Trenton, N. J.

OUR NURSERY has been recently examined by the Inspector of the Department of Agriculture for the state of Pennsylvania, and no evidence of the presence of injurious insects or diseases was found. The nursery is carefully examined every month. Copy of inspection certificate will be furnished when requested.

SAMUEL C. MOON'S WHOLESALE TRADE-LIST

LARGE STOCK.

Frequently we have calls for large, well-grown specimen trees and shrubs, for producing immediate effect in new plantations.

The following are a few well-developed plants that have been transplanted several times, and are still standing in cultivated land. They have excellent roots, and most of them can be shipped with heavy balls of earth if desired. Large evergreens are shipped in tubs 4, 5 and 6 feet in diameter as required, thus securing a solid ball of earth.

Further particulars respecting the stock will be furnished on application, but whenever practicable, it is more satisfactory for purchasers to visit the Nursery and examine such stock in person. We are glad to receive such visitors.

- 4 BEECH, American, 4 to 6 in. cal., 15 to 25 ft.
- 10 " European, 4 to 6 in. cal., 15 to 20 ft.
- 1 CERCIDIPHYLLUM, 14 ft., 4-in. cal., bushy, branched low.
- 5 ELMS, 5 to 8 in. cal., 25 to 35 ft.
- 6 MAGNOLIA Soulangeana, 10 to 12 ft., large bushes, branched low.
- 8 " Kobus, 9 to 12 ft., 3 in. cal., low branched, bushy tree.
- 6 MAPLE, Norway, 6 to 9 in. cal., 20 to 30 ft. high.
- 6 " Sugar, 4 to 5 in. cal.
- 3 OAK, English (*Quercus robur*), 3 in. cal., 12 to 16 ft., transplanted 1900.
- 2 " White (*Q. alba*), 3 and 4 in. cal., transplanted 1900.
- 3 " Mossy-Cup (*Q. macrocarpa*), 3 in. cal., transplanted 1900.
- 1 " Shingle (*Q. imbricaria*), 18 ft., branched low.
- 175 ALTHEA, Double White, 6 to 7 ft., bushy.
- 18 JAPAN JUDAS, 6 ft., large bushes.
- 20 FORSYTHIAS, 7 to 8 ft.
- 20 VIBURNUM tomentosum, 4 to 5 ft., very fine bushes.
- 12 WISTARIA sinensis, large, spreading bushes, 8 to 10 ft.
- 2 " " alba, large spreading bushes with runners 20 ft. long.
- 3 " " plena, double blue, heavy bushes, 6 to 8 ft.
- 100 EULALIAS, Japonica, Green Type, variegata, zebrina and gracilima, 12 to 15 in. in diameter.
- 1 CRAB, Parkman's Double Flowering, 9 ft., large bush; branched low.
- 1 ABIES Nordmanniana, 18 ft., growing in a tub 5 ft. in diam. and 4 ft. deep.
- 10 " pectinata, 8 to 9 ft.
- 2 PICEA pungens glauca, 6 ft., fine blue specimens grafted; one of the best varieties.
- 4 " excelsa inverta, 10 to 14 ft., very handsome irregular specimens transplanted 1900.
- 4 " excelsa elata, 6 to 8 ft.
- 1 PINUS Austriaca, 20 ft., transplanted 1903.
- 1 PHELLODENDRON Amurense (Chinese Cork Tree), 10 ft., branched low.
- 5 AMERICAN WHITE ASH, 4 to 5 in. cal., 30 ft. high.
- 4 RETINOSPORA squarrosa veitchii, 12 ft.
- 2 " plumosa, 14 to 16 ft.
- 2 " " aurea, 10 to 12 ft.
- 1 " obtusa nana, 10 ft.
- 4 PICEA orientalis, 8 ft.
- 1 THUYA GEORGE PEABODY, 10 ft.

AZALEA AMCENA. I have a fine stock of this scarce but valuable plant. It is one of the choicest dwarf evergreen shrubs for small yards and for massing, and for bordering groups of rhododendrons or other broad-leaved evergreens. It blooms very freely in early summer, and forces with the greatest ease. The flowers are semi-double, 1 inch in diameter and of rich carmine or magenta color, borne in great profusion. When full grown the plants attain a size of 3 to 4 feet in height. It is highly prized wherever known, and well grown specimens are always eagerly taken at good prices whenever they can be secured; but, as it is a dwarf plant and a rather slow grower, the demand has always been in excess of the supply and large plants are always scarce. The young stock here offered will continue to increase in value for several years.
